To Whom It May Concern:

I am honored and thrilled to be able to recommend to you the ministry of Keystone Baptist Church. Being a pastor for over 30 years, I believe I know and understand the components that will make a Church a high growth/impact potential opportunity. Keystone is blessed to have a strategic plan that incorporates all of the attributes of a church that will be greatly used by God. The central focus of this new and exciting church will be as old as the Bible itself - strong, Biblical preaching and teaching. Terry's greatest strength is that of being a first class communicator of the principles and precepts that Scripture affords us.

Having known Terry Nelson, the Senior Pastor, since he was 15 years old, I can assure you of his commitment to the Bible and to evangelism. Terry has always exhibited leadership, be it on the grid-iron, classroom, corporate or in the church. He is blessed with a compelling vision that will manifest itself in creating a church that will change its community. Finding and developing the resources for the congregation will be their greatest challenge. My prediction is a fast-growing church is about to become a reality in northwest Cobb County and east Paulding County.

I will personally commit to use what influence and relationships I have to help this church be everything that Terry and his committed team of leaders have envisioned it to be. The team that Terry has assembled in this undertaking includes some of the finest men of Christian character and integrity that I have ever seen involved in a start-up entrepreneurial church. You can often tell the quality of a leader by the level of people that choose to align with him. Terry has chosen and has been chosen with a group that will provide accountability, wisdom and knowledge that will accelerate the growth of Keystone.

If I can answer any questions concerning this tremendous endeavor, please do not hesitate to give me a call.

In the Master's service,
Dwight Ike Reighard
